

Journeyman Electrician

Job Summary

SunPeak, a rapidly-growing and nationally-recognized commercial solar developer, is looking for a full-time Journeyman Electrician to join its team.

The position consists of installing electrical service equipment and wiring for commercial solar systems, including the installation of inverters, conduit and wiring, service disconnects, panelboards, switchboards, transformers, monitoring equipment, and other related equipment. This role will also focus on commissioning and maintenance of those systems, including voltage testing, diagnosis, troubleshooting, repair, and replacement of parts. Additional tasks will include inspecting electrical components such as transformers and circuit breakers, and ensuring that the systems meet all electrical and building codes.

This role requires the ability to provide training and leadership to apprentices and to maintain a safe work environment.

Candidate Job Requirements:

- Ability to travel
- Possess a valid Wisconsin Electrical Journeyman license and a valid driver's license.
- Detail and deadline oriented.
- Able to lift up to 50 lbs.
- Able to climb ladders, bend conduit, and mount equipment.
- Able to work on sloped roofs.
- Able to create and maintain positive relationships with clients and all team members.
- Excellent communication skills.
- Knowledgeable about quality, health, and safety standards.
- Can work Monday through Friday, with optional overtime and weekend hours.

Compensation and Benefits

This is a full-time position. SunPeak provides a competitive compensation package including health insurance, life/disability insurance, dental, vision, paid time off, and 401K.

Additional individual and/or team bonuses may also be available based on individual merit and/or overall company success.

More about SunPeak

SunPeak is a commercial solar PV developer headquartered in Madison, Wisconsin. We have the capability to professionally assess feasibility, design, engineer, install, commission, and maintain solar systems that provide decades of emission-free electricity from the sun. SunPeak has installed some of the largest solar projects in the Midwest and is quickly expanding its customer base throughout the nation.

Our company is built on a strong work ethic and has a team-oriented culture focused on safety and quality. In addition to providing a casual and professional workplace, SunPeak fosters a culture of collaboration and process excellence.

Solar energy is one of the fastest-growing industries in the nation with limitless potential in the future. We believe that clean energy can and should be available to everyone. If you desire to join a team of dedicated individuals and have a positive impact on our environment, you may be an excellent fit for our team.
